SUBJECT: EYES ONLY - ABU ZUBAYDAH INTERROGATION CLARIFICATIONS

[REDACTED] UNDERSTANDING IS ALSO CORRECT. DUE TO THE IMPROVED MEDICAL CONDITION OF SUBJECT, ALL BUT ONE OF THE SMALL BOX CONFINEMENT PARAMETERS HAVE BEEN REMOVED. THE SOLE REMAINING RESTRICTION IS THAT SUBJECT CANNOT BE HELD IN THE SMALL BOX FOR MORE THAN TWO HOURS AT A TIME WITHOUT A SUFFICIENT INTERLUDE FOR RECUPERATION NOTING THAT THE TWO HOUR PER SESSION LIMITATION WAS MEDICALLY INDICATED DUE TO SUBJECT'S LEG WOUND. (A HQS PHYSICIAN STATED THE CONCERN IS ENSURING PROPER BLOOD FLOW TO THE WOUND AND, WHILE DEFERRING TO ON-SITE MEDICAL STAFF, SUGGESTS TWO TO FOUR HOUR RECOVERY TIME SHOULD BE ADEQUATE.) THEREFORE, HQS/ALEC LEAVES IT TO MEDICAL STAFF ON SITE TO DETERMINE WHAT TIME PERIOD WOULD ALLOW FOR THIS RECUPERATION. IN ADDITION, FOR [REDACTED] INFORMATION, [REDACTED] STATES THE SERE SCHOOL LIMITATION IN THE LARGE BOX IS 18 HOURS PER 24 HOUR PERIOD.
