Subject: Information on MI Personnel

Gentlemen,

I have interviewed [REDACTED] on 4 Jun 04 and have attached the sworn statement. It may be hard to read, but if you read the latest New Yorker article, [REDACTED] gave them an interview the same day and told them exactly what he told me.

I had [REDACTED] look at each photograph that you requested, and have identified as many personnel as possible. This is attached as a PDF file.

As far as the list of questions you sent me, I asked [REDACTED] each one in my sworn statement.

I kept number 3 separate: [REDACTED] stated the following interrogators worked in his section:

The interpreters were as follows: [REDACTED]

He could not remember a lot of their names and did not know any ISN's.

[REDACTED] were subjects of a CID Report of Investigation that I worked on at EIAP. There conducted a unauthorized interrogation on a female detainee and made her strip to expose her breasts. The original case file should be located at the 87th MI Det, Fort Bragg, NC. The other MI soldier involved in this incident was [REDACTED] and an interpreter.

If there is anything else please let me know. Thanks
