I did not observe or hear of any such abusee I traveled to Abu G many times I did observe that the entire facility was very understaffed You may want to canvass the CJIS and HRT management as their folks spent the majority of their time at Abu G processing the detainees [redacted] (CJIS) was ther almost evrey day CS

All,

The Director wanted to know (by the end of the day) if anyone from the FBI had first hand knowledge of any abuses at Abu G prison If so, how did we handle it I know that we have been made aware of allegations in the past, but I do not know of any instance where we had to make a referral Please advise as soon as possible since I have to provide a statement to the press office today

Thanks,
Chns

Bottom line is FBI personnel have not been involved in any methods of interrogation that deviate from our policy The specific guidance we have given has always been no Miranda, otherwise, follow FBI/DOJ policy just as you would in your field office Use common sense Utilize our methods that are proven
