Subject: QFR for D on ICRC communication
Importance: High

I would very much appreciate your assistance with the answer to this QFR from Senator Feingold for D following his 5/18 testimony to the SFRC on Iraq:

As I understand it, the International Committee of the Red Cross and Red Crescent alerted senior officials at both the Department of Defense and the Department of State about alarming abuses of Iraqi prisoners directly in mid-January. Press reports indicate that the ICRC communicated concern directly to both Secretary Powell and Deputy Secretary Wolfowitz. So regardless of whether other reports made it onto the desks of the right people, the message was delivered at very high levels at that time. I would like to ask both Secretary Armitage and Secretary Wolfowitz, what action did your respective Departments take after the ICRC delivered that very troubling message?

The QFR is due tomorrow, so any input you have would be most appreciated. Thanks!

Stephanie T. Williams
